

## Joshua Podgorski

Archery and Joshua go hand in hand in each aspect of his life. "It helps relieve stress in challenging times and provides an enjoyable atmosphere that I cannot find in other sports."

He states, "I can safely say that Zach Garrett has been the greatest influence on my life as he helped me realize my true potential as an archer and that hard work can take you anywhere."

That hard work and dedication has helped to place Joshua at UCONN for a career beginning as a Pathology Major.
