

## 2012 SAAM Scholarship Awards

What wonderful and interesting people our young archers are becoming. SAAM is proud to announce the 2012 Scholarship Awardees.

### In-State Recipient

**Eric Nohelty** is a young man dedicated to becoming the best that he can be whether it be in the art of Karate, archery, or his studies. He attributes many of his life lessons to his mentor and Sensei Mr. Gary Khoury. "Mr. Khory inspired us to be good, to push our limits, and to set high personal standards that we wanted to reach." When he is not studying he teaches JOAD classes at Tepee Archery. Eric says, "Archery is a sport where you compete against yourself. If you don't push yourself to practice or to perform at your peak level, who will?" Eric will be pushing himself to his limits and beyond while attending Brandeis University to major in Neuroscience.

### Out of State Recipient

**Julie Hoffman** has many life goals to achieve. She has reached one goal becoming a member of the USAT Archery Team for 2011. Julie says her Mother has made the greatest impact on her life. "She is the person who has influenced me the most throughout my life and she is the one who gave me the strength to work hard and persevere in order to achieve my goals. I know that nothing will ever stop me from reaching my dreams because I am strong enough to always move forward whether it is in archery or in life." Julie is continuing to reach her goals of becoming a force to be reckoned with in the business world after completing her studies at Columbia University.
