

Please join us for the Shoot for Awareness event in loving memory of Christine Graves.

Let's face it COVID stinks!

We've decided instead of postponing this tournament again that we will hold it virtually.

The event will take place from now until September 30th.

How it will work..

It will be a Vegas Style round shot at 20 yards. You can shoot indoor or outdoor wherever you have the ability to safely shoot.

Scoring will be big 10s.

When you sign up you will get a scorecard to use when you shoot.

You will need a 40 cm target.

Scorecard and a picture of your shot target will need to be emailed by **9pm on September 30th.**

Awards will be provided to the top finishers

There are a few "door prizes". We will draw these live on Facebook after the event.

They include

- Dead center hunting bar set,
- cobra switch release and
- a cobra moment release

provided by E&J Archery in Westhampton.

The cost is \$25 with all proceeds going directly to the Brain Aneurysm Foundation.

Payment can be sent through Venmo, PayPal, the mail or in person!

**September is Brain Aneurysm Awareness Month
so let's make a difference!!!**

Thank you in advance to all who've reached out already to support this cause. It's means a lot to our family!!
